

sample of Bernard Lewis of Pittsburgh, who, when detectives knocked on the door of his room in an Atlantic City hotel to arrest him for the Colbert murder, committed suicide. The only difference is that Thaw's fellow townsman picked a more certain method of self-destruction and shot himself through the brain with a rifle.

The case against Harry K. Thaw was completed within twelve hours after young Frederick Gump's accusation was read to District Attorney Swann. This was largely because of the documents found on Oliver Brower, who was today indicted as a participant in Thaw's crime. It is known that an emissary of Thaw obtained yesterday, while ostensibly preparing for Thaw's return and surrender, full details of the case against him.

As soon as word of Thaw's attempt to commit suicide reached District Attorney Swann's office this afternoon, Assistant District Attorney Black telephoned to Philadelphia police headquarters, where Lieut. Schuyler told him that Thaw probably will recover from his razor slashes.

District Attorney Swann sent Detectives Cunniff and Flood to Philadelphia to arrange for Thaw's transfer to the city jail. Thaw's transfer was made yesterday afternoon, and he was brought back to Philadelphia by a special train.

William Travers Jerome, who as District Attorney directed the prosecution of the trial of Thaw for the murder of Stanford White and acted as Special Deputy Attorney General in the efforts to prevent his release from Matteawan and to return him to Matteawan after his escape, said he had no comment to make on Thaw's attempt to commit suicide.

The man who was known as Thaw's "Nemesis" shows the greatest interest in the exact extent of the injuries Thaw was reported to have inflicted on himself. When he heard that there was apparently little danger of a fatal outcome he said: "My only comment at the time of the Gump disclosures was that Thaw was verifying the soundness of my-

self and the alienists who were advising me when we were trying to keep him safely in Matteawan. This latest manifestation only confirms me in that opinion."

Thaw's Mother Refuses to Comment on Case.

PITTSBURGH, Pa., Jan. 11.—Mary Cooper Thaw, who has stood by her son through the parade of sensations in which he has figured over more than a decade, had nothing to say this afternoon when informed of Harry's attempted suicide in Philadelphia. Her secretary telephoned that Mr. Thaw "has no statement to make at this time."

HEAVY PENALTY FOR MAN WHO ATTACKED MANY GIRLS

Vassar Students Among the Victims of Cable Halstead, Who Confesses His Crimes.

POUGHKEEPSIE, N. Y., Jan. 11.—Cable Halstead, age twenty-three, of this city, was today sentenced by Supreme Court Justice Morchauer to fifteen years and six months in Sing Sing on Halstead's confession of criminal attacks on two Vassar College students and a dozen other Poughkeepsie young women. Halstead was captured by the police early Sunday, Jan. 6, after his latest escapade—a brutal assault upon the daughter of a well-known resident, whom he dragged from the street to a barn 100 feet away. The girl succeeded in saving herself after a fight in the dark.

Upon his capture in the freight yards, Halstead admitted having kept the city in a state of terror since Thanksgiving by attacks on girls in the city's streets.

"I am sorry," said Justice Morchauer in passing sentence, "that legal limitations make it impossible to confine you for a longer term."

AGED MILLIONAIRE IS ADJUDGED INCOMPETENT

Verdict in Case of E. W. Morrison of Chicago, Who Gave Away at Least a Million.

CHICAGO, Jan. 11.—Edward W. Morrison, aged eighty, the "millionaire" whose financial affairs have been a subject of court inquiry for several months, was adjudged to be feeble minded, distracted and a spendthrift this morning by a jury in Probate Court.

The verdict resulted from a petition for the appointment of a conservator for Mr. Morrison which was filed in the Probate Court several weeks ago by two cousins of the aged man, who alleged that he was a drunkard and a spendthrift and incapable of handling his property.

The petition asked for the appointment of the Chicago Title and Trust Company as conservator with the power to take steps to recover property said to be worth \$10,000,000 which he had turned over to an attorney and others without adequate consideration. Morrison is reported to have been the possessor at one time of a fortune of \$5,000,000.

'LYNCH ME FIRST,' GOVERNOR TELLS A KENTUCKY MOB

Stanley Rushes to Murray and, Single Handed, Defies Riotous Throng.

MURRAY, Ky., Jan. 11.—"I have come here to uphold law and order and to protect this court with my own body if necessary," was the declaration with which Gov. A. O. Stanley faced a crowd which filled every available space of the Circuit room of the Calloway County Court House here today.

Notified last night that a mob was threatening the life of Judge Charles Bush and Commonwealth's Attorney Denny Smith, Gov. Stanley chartered a special train and started for Murray. He arrived early today, declaring the lynchers would have to hang him first.

With almost every available member of the Kentucky National Guard mobilized on the Mexican border, the Governor was forced to rely on those forces he could summon to his aid after his arrival here for the maintenance of order. His first move in Murray was to deputize seventy-five citizens and order them to prevent at all costs any outbreak. His next move was to make an address when court convened.

A few persons set up a cry of "Bring in the negro now." "Try the negro now." "Don't wait."

Judge Bush announced later from his hotel that the negro would be tried here Feb. 5. Then, under the personal protection of Gov. Stanley, Judge Bush and Commonwealth's Attorney Smith boarded the train which had brought the Governor here, and left for Paducah.

The negro referred to is Lube Martin, now in the city jail at Paducah, Ky., charged with the murder of Guthrie Diguid, a policeman. Martin was to have been tried in Murray today. Information reached Judge Bush and Prosecutor Smith that plans had been perfected for taking the negro from the court house and lynching him.

Quietly the court granted counsel for the negro a continuance, and the prisoner was spirited out of town and hurried to the jail in Paducah. It was because of this the mob threatened the Judge and Prosecutor.

DEAD STREW ICE AFTER RUSSIAN DRIVE NEAR RIGA

Czar's Troops Beaten Off Except at One Point, Says Berlin.

FIGHT ON 62-MILE FRONT

German Forces Said to Have Been Strongly Fortified for More Than a Year.

BERLIN, Jan. 11 (by wireless to Sayville).—The offensive movement inaugurated recently by the Russians on the northern end of the Russo-German front has broken down except in one place, the military critic of the Overseas News Agency writes. "After heavy artillery preparation, strong Russian attacks were begun on Jan. 4 between the Gulf of Riga and the Riga-Mitau Road," says the military critic. "Already they have broken down everywhere except at one point."

"The bodies of the dead, lying in thick masses on the ice, present a ghastly picture of the effects of the Russian sacrifice. The insignificant part of the front on which the Russians, after attacking several days, obtained a local success, formed a salient in the German front, which is now bent back. The new German front line is absolutely secured against surprise attacks."

"The Russian attacks made on a front of about 100 kilometers (62 miles) apparently was not undertaken in the hope of pushing back the German front along the Baltic, as the number of troops engaged was insufficient and the German front has been strongly fortified for more than a year."

PETROGRAD, Jan. 11.—As a result of their continued attacks southwest of Riga and near the seacoast, the Russian troops, the War Office announces, have pushed more than a mile in the direction of Mitau and have taken twenty-one heavy and eleven light cannon besides prisoners since Friday. Enemy attacks were repulsed.

"The battle in the region of Lake Babite, west of Riga, continues," the report says. "Our detachments took the enemy's position between the Tirl marsh and the River Aa, and advanced two versts (about a mile and a third) southward, capturing some prisoners. (Lake Babite lies west of Riga close to the sea. The Aa flows north into its western end. Tirl marsh lies between the Aa and the Dvina, northwest of Mitau and south of Lake Babite.)"

AUSTRIAN PRELATE IS DRIVEN OUT OF ITALY

Monsignor Gerlach Was Mentioned at Inquiry Into Destruction of Battalions.

BERLIN, Jan. 11 (by wireless).—The Overseas News Agency gives out the following: "The Prelate Knight von Gerlach (Mgr. Gerlach), first acting private chaplain to His Holiness, has been forced to leave Rome and has arrived at Lugano, Switzerland. He was the only German prelate in the Pope's retinue."

"The Entente, through the intermediary of the Italian Government, urgently insisted upon his departure, although he belonged to the personal service of the Holy Father. The Vatican had to submit to the unprecedented coercion of the Entente."

Gerlach's Name Mentioned at Inquiry on Battleships.

Mgr. Gerlach, who is an Austrian, during the past two years has been the subject of various reports. The latest emanated from Rome on Jan. 8, in connection with the investigation of the destruction of the Italian battleships Benedetto Brin and Leonardo da Vinci. The matter came before the Italian Cabinet last week, and it was then learned that the name of Mgr. Gerlach had been introduced into the case.

One of the prisoners, an Italian named Ambrogio, charged with being implicated in the destruction of the battleships, alleged that he was the financial agent of Mgr. Gerlach.

SALONIKA, Jan. 11 (via Paris).—Twenty-eight Americans, comprising Section 10 of the American Field Ambulance in France, have arrived here safely. They are under the command of Henry M. French Tribute to American Who Died at Front.

PARIS, Jan. 11.—The late Howard B. Lines of the American Field Ambulance, who died of illness at the front late last month, is cited thus in the army orders of the day: "Devoted and courageous, he was sent to the rear ill. He returned again to the front after his recovery, contracted a grave malady and died for France."

KENTUCKY GOVERNOR WHO, SINGLE-HANDED, DEFIED A LYNCH MOB

AUGUSTUS O. STANLEY

GERMANS MUST GIVE UP INVADED TERRITORY, SAY ALLIES TO WILSON

(Continued From First Page.)

—and will continue this despite practical devices. "A successful loan will help shorten the war, will save lives and will save the British Empire and Europe's civilization."

"The grim resolution reached the Rome conference, was to rid the world of u. s. s. despotism. "All the Allies felt that if victory was difficult, a defeat was impossible. Arrangements were made there to deal with the whole situation."

"The German military machine is resting on an internal foundation which is irresistibly crumbling. "The best security for peace of the future," said the Premier, "will come when nations are banded together to punish the first peace breaker."

This statement may suggest an endorsement of the American idea for a league to enforce peace to be formed at the end of the war.

LLOYD GEORGE'S VERBAL BLOWS ARE ROUNDLY CHEERED.

Nearly every one of the Premier's epigrammatic blows was roundly cheered. Lloyd George appeared in splendid shape and full of more than ordinary vim and vigor.

"The Prussian menace is a running mortgage detracting from our national security," he declared. "It will be cleared off forever at a better rate of interest. "Let us not squander. Luxury, indulgence and extravagance cost valiant blood."

Referring to Russia and Roumania, the Premier said: "If you equip those nations, soon there will be another story."

WILSON RECEIVES REPLY TO HIS PEACE MOVE.

WASHINGTON, Jan. 11.—The Entente Allies' reply to President Wilson's peace note began arriving this morning at the State Department. As fast as it was decoded, it was laid before President Wilson and Secretary Lansing.

Lansing expected to give the note out some time this afternoon for publication to-morrow under the agreement with the Entente. He declined to give any inkling as to the contents or nature of the answer.

BONAR LAW EXPLAINS NEW VICTORY LOAN TO FINISH THE WAR

LONDON, Jan. 11.—Andrew Bonar Law, the Chancellor of the Exchequer, announced at the Guildhall meeting that the basis for the new war loan was an issue of 5 per cent. The price will be 95. The period of the loan, he stated, was thirty years, with an option for redemption in twelve years.

The Chancellor said 5 per cent. would be paid on application and the balance in equal proportions. The last payment would be on May 30.

The Government is giving the option of a tax-free loan at the rate of 4 per cent., issued at par, to be redeemable at the option of the State at the end of twelve years.

Foreign holders of the stock, the Chancellor announced, would not be liable to the income tax.

TEUTON ADVANCE IN ROUMANIA IS STILL UNCHECKED

Eight Hundred More Prisoners Taken—Petrograd Admits Loss of Two Heights.

BERLIN, Jan. 11 (by wireless to Sayville).—The advance of the Teutonic forces which are invading Roumania is proceeding unchecked, according to today's report from army headquarters.

Several points of support along the front of Northern Roumania were captured from the Russians and more than 800 prisoners were taken. The military critic of the official press bureau says today regarding the Roumanian campaign:

"The Russians, clinging desperately to the southern bank of the Sereth near Fundeni in order to cover the retreat across the bridge, were again pushed back with heavy losses. The village of Gariaski, captured by the troops of the central powers, is only three kilometers from the Sereth and a little more than that distance from the bridge."

"The unavailing efforts of the Russians to make a stand north of Fokshani, before their withdrawal across the Putna, were made in order to retain the great railroad bridge across the Sereth and the railroad junction of Maresti, whence lines to Panticu, to the valley of the Upper Sereth and to Jassy branch off."

PETROGRAD, Jan. 11.—Gain by German forces of two heights north of the mouth of the Otuz River (Roumania) as a result of repeated attacks, was announced in today's official statement.

Denial of the German claim that Teutonic forces are established across the Putna River in Roumania was made in today's statement. It was said that during a fox in the region of Iovca, an obstinate counter-attack by Russian forces, with a brief bayonet combat, resulted in the enemy being thrown back across the river with great losses.

The Roumanians were slightly pressed back southeast of Monasteri and Kachinul and also northeast of Kempur, the statement declared.

GROWN PRINCE LOSES COMMAND, SAYS LONDON

Report Also Says He May Be Given Post Von Bissing Holds in Belgium

LONDON, Jan. 11.—A Daily News despatch from Paris says it has been learned from neutral sources, usually well informed on German military affairs, that the German Crown Prince, Frederick William, has been relieved of his army command on the Verdun front.

The Crown Prince, it is reported, may take the cure at Wiesbaden and later may be offered Gov. von Bissing's berth as Military Governor of Belgium.

Rumors similar to the one above have been frequently circulated since the war began.

GREECE YIELDS TO ALLIES; TEUTONS REINFORCE ARMY

Bulgarian and Austrian Regiments Are Advancing Toward Thessaly.

LONDON, Jan. 11.—Greece's reply, accepting the terms of the ultimatum of the Entente Allies, was delivered Wednesday evening, says Reuters' Athens correspondent.

The newspapers to-day give prominence to a despatch from Serbian headquarters, dated Jan. 7, in which it is said that considerable reinforcements have joined the armies of the Teutonic Allies on the Entente left wing, which is due north of Thessaly. The despatch says a Bulgarian regiment which was lately in Dobrudja has arrived, and that it is reported other Bulgarian regiments and an Austrian regiment are moving thither.

BROKE HIMSELF OF SMOKING CIGARETTES

A St. Louis Man Broke Himself of Smoking Cigarettes and Chewing by a Simple Home Remedy.

Harry Riska, a well known resident living at 216 S. 11th St., broke himself of the cigarette habit and chewing with a simple recipe that he mixed at home. In reply to the question as to what he used he made the following statement: "I used a simple recipe which I mixed at home, and which is as follows: Take 8 oz. of water, add 20 grains of Murate of Ammonia, a small box of Vaseline Compound and 10 grs. of Pepsin. I took a teaspoonful three times a day. Any druggist can mix it for you at very little cost. THE WORLD As An Institution

performed in 1916, as one of its feats, the successful publication of

17,822,630

agate lines of advertising in the Morning and Evening editions. This represents, for the two editions, for the year 1916,

A Gain of 2,077,710

agate lines over the year 1915.

- Perhaps the very vastness of this achievement can be more readily grasped by means of the following comparisons:
- (1) An agate line in The World is two inches long, the width of a column.
 - (2) The 2,077,710 lines gained in the year represent the equivalent of 4,155,420 inches (in length of lines).
 - (3) These 4,155,420 inches, if of twine, let us say, would reach from New York to Trenton, New Jersey, with something to spare "for slack."
 - (4) But what of the total number of lines printed? They would reach the astonishing distance of approximately 535 miles—choose your own destination!

So much for only one phase of the activity of The World as an institution, published in Morning and Evening editions, both founded and operated on identical principles, each with its individual field. The two cover New York City—the actual city and its immediate environs—as no other newspaper, or newspapers ever have or can.
